DESCRIPTION

Smellaway is a pipe cleaner specifically formulated with biological agents and anti-odour substances. Used regularly, it is the ideal remedy to eliminate bad odours and residues from all drains and pipes, keeping them always free and clean. Characterised by spores that activate by contact with dirt and consume it, it prevents the formation of annoying blockages without harming plant and animal life. As well as eliminating the root causes of bad odours, the product leaves a pleasant, fresh scent after use.

OLFACTORY PYRAMID

N.D.

HOW TO USE

Shock treatment: to eliminate stubborn odours, pour in half of the product or the entire contents of the bottle. Leave to act for at least 15-30 minutes without running water. If necessary, repeat the operation the next day. Weekly maintenance and prevention treatment: pour approx. 100 ml of product into the affected drains, preferably in the late evening, and leave on overnight for maximum results.

WARNING

Avoid release to the environment.

OTHER INFORMATIONS

Notes. Read the instructions for use and follow the warnings. No responsibility can be attributed to the supplier for the results obtained and/or any damage to property or persons resulting directly or indirectly from improper or non-compliant use, as the method of application is beyond his control and/or verification. Always check the integrity of the product and its suitability for the specific case after prior testing.
