DESCRIPTION

Aurodhea Anti-Cellulite Body Cream helps fight existing cellulite and prevent its appearance. Its specific formulation counteracts the formation of fat deposits and water retention. The combined action of plant extracts of Centella Asiatica, Horse Chestnut, Horsetail, Ivy and Birch combats water retention and reduces oedema, improves skin elasticity, tones parts of the body that tend to lose tone, regulates fragile capillaries and improves microcirculation. From the first application, the skin is visibly smoother, firmer and more toned. Results can be seen with daily use: roundness and localised pockets of fat are reduced, skin tissue appears firmer and smoother, and the silhouette is gradually resculpted. DERMATOLOGICALLY TESTED CPNP REFERENCE: 2377423

HOW TO USE

Apply to treatment area and massage in circular motions until fully absorbed. For best results, apply twice a day.
