DESCRIPTION

The Aurodhea "cold" effect body cream is a firming treatment with a soft, flowing texture, ideal for massages. Its special formula gives a pleasant sensation of freshness and is particularly suitable for firming body skin in the hips, buttocks, inner thighs and arms areas. Its synergy of natural extracts, such as Centella asiatica, Cucumber, Equisetum, Butcher's Broom, Ivy, combined with the toning effect of Menthol, combats water retention and helps reduce fat deposits. Also enriched with Caffeine, the 'cold' effect body cream drains and stimulates fat metabolism. It is a valuable ally in the prevention of stretch marks and sagging skin tissue.
