DESCRIPTION

Fire Cleanse is a concentrated cleaner with degreasing and decarbonising action, formulated for the cleaning and maintenance of thermo-fireplaces, fireplaces, pellet and wood stoves, etc. Its particular efficacy is due to the combination of its powerful descaling action, exerted on lampblack, and its dissolving action, which rapidly dissolves fats of animal and vegetable origin. Furthermore, this cleaner has a pleasant scent, which adds a touch of freshness to the effectiveness of this product.

HOW TO USE

The product is ready-to-use. Spray using our sprayer at a distance of about 30 cm from the surface to be cleaned. Leave on and, if necessary, scrub with a non-abrasive sponge. For stubborn incrustations, leave on a little longer and, if required, repeat the operation. For the cleaning of oven and ceramic glass, make sure they are cold or preferably warm before treatment.

WARNING

DANGER (below the pictogram) Causes severe skin burns and eye damage. Harmful to aquatic life with long lasting effects. Do not breathe dust / fumes / gas / mist / vapours / spray. IF IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN (or hair): take off immediately all contaminated clothing. Rinse skin with water [or shower]. Wear protective gloves/protective clothing/eye protection/face protection. Immediately call a POISON CENTER or doctor/physician. Wash hands thoroughly after handling.
