### DESCRIPTION

Inspired by the Greek goddess of hunt and wild nature, Artemide by MΨTOLOGIK is a fragrance for her that embodies free, unbound femininity, challenges conventions and exudes the disruptive force of emancipation. The herbal and citrus notes of the opening evoke the unspoiled woods dear to the goddess, while the floral and leathery heart reflects the duality of her spirit as both huntress and protector. Finally, the woody and musky base celebrates the deep connection with the earth.

### FRAGRANCE

An amber woody fragrance enriched with spicy and floral notes. It features a lively opening, where the freshness of Mandarin is balanced by the green notes of an herbaceous accord. In the heart, Jasmine, Cloves and Suede create a multi-faceted olfactory experience. Finally, the fragrance closes with warm and enveloping notes, a sensual and earthy embrace that lingers on the skin.

### HOW TO USE

Spray sparingly, directly onto the area you prefer: on the neck, behind the earlobes or on the décolleté. Alternatively, spray ahead of you and plunge into the scented cloud.
