DESCRIPTION

"Scarlet Temptation" by Cooperativa Profumieri is a seductive fragrance where Cherry, Almond and Tonka Bean blend into an irresistibly lingering symphony.

Enclosed in a refined packaging that blends stylishly into any environment, it creates an enveloping atmosphere with its floral, fruity and woody notes. The scent is diffused through sticks (included in the pack) that, when dipped in the perfume, absorb it by capillarity and release it evenly and constantly.

Sizes:

100 ml format = H 13.2 cm; W 10.7 cm;

200 ml format = H 15.5 cm; W 12.86 cm;

500 ml format = H 19.52 cm; W 16.39 cm.

FRAGRANCE

A magnetic and sensual fragrance that opens with notes of Bitter Almond and Plum. The heart reveals an irresistible sweetness of Cherry and Rose, while the base of Tonka Bean and precious Woods leaves a long-lasting, enveloping trail.

HOW TO USE

At first use, dip the sticks in the bottle and turn them upside down after about one hour. Repeat the process once or twice a week to optimise diffusion and regulate fragrance intensity in the room: the more often the sticks are flipped, the stronger the scent released through capillary action.

WARNING

DANGER

Highly flammable liquid and vapour.
Causes serious eye irritation.
Harmful to aquatic life with long-lasting effects.
May cause an allergic reaction.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid exposure to heat sources, which may cause colour changes that do not affect the product's quality.
Wear protective gloves/clothing and protect eyes/face.
In case of fire: use carbon dioxide, foam, dry extinguishing powder or water spray to extinguish.
Keep container tightly closed.
If eye irritation persists, seek medical advice.
Avoid release into the environment.

CONTAINS

Anise alcohol, benzaldehyde, benzyl benzoate, eugenia caryophyllus oil, coumarin, eugenol, tetramethyl acetyloctahydronaphthalenes, rose ketones, vanillin.
