	<p><b>BREAST LIFT OIL SERUM</b></p> <p>CODE SV01   75 ML</p> <p>Breast serum aids in restoring, shaping, and firming the breasts. The synergy of an exclusive volume-enhancing complex and a blend of specific active ingredients ensures a potent triple action: it restores, lifts, and transforms the breasts. Its rejuvenating effect is attributed to the inclusion of essential oils from sweet orange, bergamot, lavender, clove, and patchouli, which, through their toning properties, enhance blood microcirculation. Its action is entirely natural and does not disrupt the hormonal system. The firming and shaping effects result from a carefully selected mixture of peptides that stimulate fibroblasts, leading to the production of collagen and elastin, the proteins responsible for skin elasticity and firmness. The transforming effect is further amplified by the product's unique structure, which envelops the skin of the breasts. Consequently, you will notice that the breasts appear visibly smoother and more toned from the first application. After 30 days, they will appear firmer, more compact, and more aesthetically pleasing.</p> <p><b>134,00€</b></p>

## MAGNETIC LASHES

Magnetic eyelashes consist of a synthetic false eyelash strip crafted from ultra-light fibers, affixed to a slender metal wire. In contrast to traditional false eyelashes that rely on adhesive, magnetic eyelashes utilize the mutual attraction of magnets, thereby avoiding adhesion to your natural lashes. A key characteristic is the inclusion of two magnets positioned at the ends of the supporting wire. The outcome is a natural and voluminous appearance that enhances the entire length of the eye. Their longevity is contingent upon the frequency of use and the removal technique, typically lasting approximately 8 to 10 applications.

## SKINAIL COLLAGEN

CODE INTB042 | 30 X 21 G

139,00€

SKINAIL COLLAGEN is a collagen-based dietary supplement formulated to enhance and preserve the natural beauty of individuals of all ages. Aimed at promoting the wellness of skin, hair, and nails, SKINAIL COLLAGEN operates from within, nourishing and fortifying the dermis, restructuring hair, and strengthening nails.

### Dead

It revitalizes hair strength, fortifies its structure, and promotes growth.

### Leather

It imparts elasticity and firmness to the skin, preventing tone loss and smoothing wrinkles.

### Nails

It enhances nail strength and resilience against damage, promoting growth and reducing the likelihood of breakage.

### Muscles and articulations

It contributes to the enhancement of muscle and joint strength and flexibility, thereby diminishing fatigue.

## Select collagen

This is what scientists assert, and your skin, nails, hair, and other aspects necessitate it.

Collagen is a protein that enhances the beauty of your skin, hair, and nails while also promoting your overall health.

The substantial presence of collagen in the body contributes to the maintenance of the structure, elasticity, and integrity of connective tissue.

Collagen production in the body diminishes with age or when the skin is subjected to oxidative stress, resulting in wrinkles, a decline in the strength of the skin and nails, and a reduction in tissue regeneration.

Integrating SKIN COLLAGEN into your daily routine is essential for restoring optimal collagen levels in your body.

# Why choose SKINAIL COLLAGEN?

## SKINAIL COLLAGEN: EXPLORE ITS UNIQUE FORMULATION FEATURING THE PATENTED CBH-TOTAL™ COMPLEX

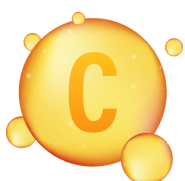

SKINAIL COLLAGEN expertly curates 100% natural ingredients and harmonizes them to enhance your well-being, combating and preventing the signs of aging.

Our dietary supplement enables you to effortlessly and swiftly obtain the optimal dosage of collagen, vitamins, and extracts, which serve as genuine allies for the skin, hair, and nails. It is fortified with the patented CBH-TOTAL™ complex, formulated in our laboratories.

### COLLAGEN

It fortifies the skin and inhibits the formation of wrinkles. It restores damaged tissues and plays a crucial role in the synthesis of hair keratin.

### VITAMIN C

It stimulates collagen production, thereby fortifying the skin's structure and enhancing blood circulation, which in turn accelerates hair growth.

### VITAMIN B7

It fortifies the scalp and rejuvenates the skin, restoring moisture, elasticity, and radiance, while also mitigating damage incurred over time.

### VITAMIN B

They facilitate the delivery of oxygen to cells and enhance the beauty and health of hair by fortifying the scalp and revitalizing the hair.

### ZINC

It targets damaged skin and combats dermatitis and acne. It facilitates the regeneration of skin elastic fibers, leading to a decrease in wrinkles.

### BLUEBERRIES AND GRAPES

They enhance microcirculation and tissue oxygenation. They possess antioxidant properties and contribute to the preservation of tissue elasticity.

### POMEGRANATE, CHERRY, AND ACAI

They possess antioxidant, moisturizing, and oxygenating properties that inhibit skin aging while revitalizing hair and tissues.

## Vitamins

Each serving of SKINAIL COLLAGEN is formulated to meet your daily needs for essential vitamins vital to your health: vitamins B, H, and C. Notably, the supplement fulfills your daily requirement for vitamin B12, often referred to as the "mood vitamin." This nutrient not only alleviates fatigue and weakness but also supports the proper functioning of the nervous system and the normal formation of red blood cells.

## Collagen

SKINAIL COLLAGEN boasts an exceptionally high concentration of collagen, which is advantageous not only for the skin, hair, and nails but also for the body as a whole. Each serving of our dietary supplement ensures an ample supply of collagen, positively impacting muscles and joints. This benefit arises from the structural role of this protein in various organs and tissues.

Collagen is available in hydrolyzed form, facilitating the natural regeneration of articular cartilage and enhancing joint function, mobility, and overall well-being. By supplying the necessary components for cartilage production, collagen imparts strength, elasticity, and support to the connective tissues of the skin, ligaments, tendons, bones, and other bodily structures.

## Zinc

A dose of SKINAIL COLLAGEN fulfills the daily requirement for zinc, an essential nutrient for the metabolism of proteins, lipids, carbohydrates, and more.

Zinc is essential for the function of various hormones and for preserving the integrity of tissues and organs. Additionally, it plays a crucial role in the immune response, wound healing, and tissue repair.

## How is it utilized?

Consume one sachet in the morning or evening. You may dissolve the powder in approximately 250 ml of water at room temperature or adhere to our recipes to enhance your beauty ritual.

## Is it simple to dissolve?

SKINAIL COLLAGEN may occasionally present challenges in dissolution, attributed to the inherent quality of its formulation. As the supplement is free from chemical additives, it may require a few minutes for complete dissolution.

## What is the flavor profile?

It possesses a delightful peach flavor, sourced from naturally derived ingredients.

## Does it possess a natural composition?

SKINAIL COLLAGEN is crafted exclusively from natural ingredients. It is free from GMOs, colorants, and does not include any chemical additives or magnesium stearate.

## Does it comply with health standards?

Certainly! All SuppleFit products undergo rigorous testing to ensure safety and are consistently registered with health authorities in the countries of distribution.

## Who is eligible to utilize this dietary supplement?

Despite the natural formulation of SKINAIL COLLAGEN, individuals under medical supervision, as well as pregnant and breastfeeding women, should seek medical advice prior to using this dietary supplement. It should be avoided in cases of hypersensitivity to any of the ingredients and kept out of reach of children.
